### VENERABLE EX-GRAY.

A Resident and Retired Business Man of Cincinnati, Ohio.

The death of the late Rev. Dr. Vibbert, who was one of the oldest surviving ex-Grays, recalls to some of our older citizens the fact that there is living in Cincinnati, Ohio, another venerable ex-Gray, whose membership in the company was in the days of Mr. Vibbert's membership. This ex-Gray is George R. Groot, now in his eighty-third year. He was born April 21, 1812. He was in his younger business days a carriage builder in New Haven and was for many years engaged in the same business in Cincinnati, as a member of the firm of J. W. Gosling & Co. He retired from active business a few years ago. He is still hale and vigorous. He is a brother of the late William Groot, who was also one of the members of the Grays in the early history of that organization and whose widow is a resident of Houston street, Fair Haven. The latter gentleman was also well known in the carriage trade here for many years.

### A Dutch Tea Party.

A unique entertainment is to be given at the First Baptist church on Tuesday evening, December 17. It is called the "Dutch Tea Party." It will be given by the Slade Mission circle of the church. Mrs. Charlotte Atwater Mason, wife of the pastor, is president of the circle and will be the moving spirit in getting up the entertainment. The members of the circle will be in Dutch costumes of blue and white, the decorations to be of the same colors. One of the features of the evening will be one of Mrs. Mason's charming talks on "Experiences in Holland." There will be tableaux vivants illustrating scenes in Holland, and Dutch folk songs by a male quartet. The solo, "Wyken, Blynken and Nod," the Dutch poem by Eugene Fields; the music by Nevels will also be on the program. The affair contains a hint of something new and novel and will attract a good house for this reason. Mr. E. F. Newton has charge of the musical side of the affair.

He was crossing the tracks in the yard at Brook avenue when his foot caught in a frog. Before he could extricate it a train of cars backed down on him. This wheel passed over his right leg and cut it off. His right arm had to be amputated, as it was crushed. He died shortly afterward.

### COURT RECORD.

Superior Court—Judge Hall.

Attorney Shipman of Hartford yesterday applied to Judge Hall for a judgment of \$37,532.19 in behalf of his client, Charles Parker of Meriden, a member of the Parker Gun company of Meriden, against John W. Leete, administrator of the estate of the late Mrs. Erater L. Wheeler of Hartford. Several years ago Mr. Parker loaned large sums to Mr. Wheeler on the security of two pieces of property in Hartford. On the property there was a \$15,000 mortgage and Mr. Parker laid out \$22,000 in improvements. On Mrs. Wheeler's death Mr. Parker sued for a clear title and the case was referred to Attorney H. C. White, who made a decision in favor of Mr. Parker to recover \$37,532.18. A foreclosure judgment was considered the best way to secure payment. There was no opposition from the defendants and Judge Hall yesterday granted the judgment. This was one of the largest judgments granted in this superior court for years.

### CLAIM COMPROMISED.

Judge Hall yesterday morning authorized the receiver of the Edgewood company to compromise a claim of \$1,600 of Frederick Ives against the company. Mr. Ives will take some of the company's bills receivable in payment.

### CHANGED HIS NAME.

Judge Hall granted Joel Johansen, a Swede, the right to change his name to Joel Johnston yesterday. He desired the change as a matter of convenience, as most of his acquaintances call him by the latter name.

WHEELER GETS \$400 DAMAGES.

The jury in the court of common pleas returned a verdict yesterday in the case of Herbert P. Wheeler of East Haven against Frank L. Thomas for the plaintiff to recover the full amount asked, with interest, making a total of about \$400. The suit was for breach of contract in building a house.

The docket in the court of common pleas was called yesterday and 499 old cases were stricken off.

### Court Notes.

Daniels, clothing dealers at 834 Chapel street and who gave the name of John Fry when he was arrested, was up in the city court yesterday and his case was continued until to-day. He has already served time in the Connecticut state reform school at Meriden.

### HESS CASE NOLLED.

Adam Hess recently purchased a saloon on Columbus avenue and was arrested Thursday night, charged with selling liquor without a license. He recently purchased the saloon, but failed to have the license changed. His case was nolle on payment of \$17.00 costs yesterday morning in the city court, as Hess promised to have the license transferred to his name.

### TWO QUARRELSOME DRUNKS.

Charles Flannagan and William Winterfield were fined \$3 and costs each yesterday morning for assault on John Flannagan, son of one of the prisoners. Both men were intoxicated and went to Flannagan's house, where they began to abuse Mrs. Flannagan. The boy took his mother's part, when the two men assaulted him.

### CASE CONTINUED.

Hermann Durdal of 5 Lafayette street was in court this morning, charged with non-support of his wife Minnie and his children, who live at 113 Columbus avenue. Mrs. Durdal, through her attorney, C. F. Bollmann, sent word to the city attorney that she was so sick she would be unable to attend court for some time. The case went over until December 20.

### Russian Cathedral in Chicago.

Chicago, Dec. 6.—Bishop Nicholas has been instructed by the Holy Synod of St. Petersburg to build a great cathedral in Chicago, to cost not less than \$500,000. It is a part of the decree that the sanctuary shall cover an acre of ground; the architecture must follow the established lines of the ecclesiastical forms of Russia; the general design shall reproduce the famous St. Basil of the Kremlin of Moscow; the priest house shall be the home of the head of the denomination in the western world, and the diocese of Alaska and the Aleutian Islands shall be named to include this country, or a new one will be created.

This is the greatest mission work ever undertaken by the Russian Synod. It was advised by the bishop in a long report to the body during his visit last summer to the czar and the empire's capital. Three locations are under advisement—near Garfield Park, opposite Humboldt Park, and a third in the midst of the best residence district of the north side.

Harold Julius de Basse, the supervising architect in the cabinet of the czar, will direct the erection of the cathedral. A Chicago architect has the commission to draft the plans for submission to the Synod, with descriptions of material at hand and suggestions for that which ought to be imported.

His only instructions were to equal in size and wealth any similar edifice in the city, with an underlined ukase that nothing should appear in it except the prescribed Byzantine-Greek architecture.

"Well, Willie," asked grandma, "have you had all the dinner you want?"

"None," answered the truthful little boy, "but I have had all I can eat."

### CHINA ASKS FOR HELP.

Appeals to Russia to Aid to Suppress an Insurrection—Rebels Gaining Ground.

Paris, Dec. 6.—A dispatch from St. Petersburg to the Reclaire states that it is reported there that China has asked Russia whether the Russian government would be willing, if requested to do so, to send an army corps to help suppress the rebellion in North China.

It is represented that the rebellion is spreading daily. The rebels have already overrun the province of Kan Su and captured its capital, Lan Chu Fu, taking 2,000 prisoners and seizing thirty guns, together with a large quantity of provisions and ammunition.

### Race War in Florida.

Ocala, Fla., Dec. 6.—Contractor W. J. Allison, whose headquarters are on Strake's ferry, on the Ocklawaha river, reports that the white laborers have formed an organization and are driving all the negroes away. Some time ago Allison imported negroes to cut ties. They were driven away, three being killed.

More negroes were brought in last week, and they, too, were driven away on Tuesday, two being shot. Allison says the negroes are badly frightened. He says that he has lost several thousand dollars owing to the driving away of the negroes.

### Skeletons Found in a Kansas Cellar.

Topeka, Kan., Dec. 6.—In tearing out the wall of an abandoned cellar near Larned, over which a farm house was burned some time ago, workmen discovered a human skeleton. Additional excavation was made, and four other skeletons were found, all evidently the remains of large sized men. It is believed the remains are the skeletons of a party of land-burgers who went to western Kansas in 1880 from Pennsylvania, and who were never heard of after reaching Dodge City. They were probably murdered for their money.

### Children Found Starving.

Cincinnati, Dec. 6.—A case of great destitution and suffering has been brought to light by Marshal Robert Martin of Loveland and an officer of the Humane society. Some months ago the wife of William Lewis of Loveland, a poor laborer, died, leaving seven small children. When neighbors heard of her death and entered the home they found the little children, crying for food around a cot of rags, on which the body of their dead mother lay.

The town trustees arranged to have the children taken to the county infirmary, but before the funeral of the mother was over the children disappeared and could not be found. Later they were heard of in Warren county, but again disappeared.

Two weeks ago they were seen near an old log hut on the McClave farm, two miles north of Loveland. Persons passing by the hut heard the cries of children, and looking in saw a horrible sight—the children half clothed, their cheeks sunken from hunger, grouped around fire on the ground, gnawing at some bones.

When Trustee Vandervort of Miami Township went to look for them they had again vanished. They returned to Hamilton county, where they were discovered by hunters, encamped in a hollow west of Loveland. The humane society's officers found them on Thursday morning in an old cave on the McClave farm, near the cabin where they had been a few days before, where they were without fire or clothing.

The children were taken to Loveland, where they were wrapped in blankets and started on their way to the infirmary. Lewis was locked up on the charge of failing to provide for his family.

### Cuban Petition Presented.

Washington, Dec. 6.—Representative Royce of Indiana presented a big petition for the recognition of the Cubans as belligerents in the house to-day. It originated at Elkhart, Ind., and has been circulated through every state and territory in the Union, and contains 92,200 signatures. Pennsylvania leads in the number of signers with 3,875, and Illinois comes second with 3,725. It is headed: "A petition in the interest of humanity and the cause of freedom," and requests congress to take such action as shall result in the speedy recognition as belligerents of the Cuban patriots in their struggle for freedom. Speaker Reed announced the appointment of the following committee on mileage: Messrs. A. B. Wright of Massachusetts, chairman; J. A. Barnes of California, Orlando Burrell of Illinois, and George C. Pendleton, dem., of Texas.

Various executive documents and reports from officers were laid before the house by Speaker Reed and referred to the proper committees.

Delegate Murphy of Arizona introduced a bill granting statehood to the territory he represents. The measure is similar to that passed by the house last congress.

The house adjourned at 12 o'clock until Monday next.

### Scalded by an Explosion.

New York, Dec. 6.—There was a boiler explosion at 8 o'clock this morning in the hat shop of Jacob R. Rabinowitz on the third floor of 25 Willet street. Rabinowitz was slightly scalded about the face, and was taken to Gouverneur hospital. He is thirty-five years old, and lives at 187 Harrison street, Brooklyn. Too much steam in the boiler caused it to burst. It was hurled ten feet by the explosion.

Two men and two girls who were working in the place at the time with Rabinowitz became panic stricken and crawled down the fire escape to the sidewalk. Rabinowitz was scalded, as he was standing close to the boiler. A trifling fire was caused which the firemen extinguished with a few pails of water.

### The Heavy Snow in New England.

Boston, Dec. 6.—The aggregate fall of snow up to 8 o'clock last night was 4½ inches. At Gloucester a foot of snow was reported, with a high northeast wind. At Keene, N. H., 8 inches fell, and a drifting wind prevailed all day. Lumbermen at Suncook, N. H., are happy over the prospect of brisk lumbering operations, owing to the fall of a foot of snow yesterday. ### Russia's Sugar Tax.

St. Petersburg, Dec. 6.—The czar has given his sanction to the sugar scheme formulated by M. de Witte, minister of finance, which provides, besides an excise duty, a surtax shall be levied upon all stock in excess of a certain quantity whenever it shall come into market, but shall not be levied in the event of exportation.

### Found murdered.

Pottsville, Pa., Dec. 6.—Abner Bittling was found dead near the high bridge on the Catawissa railroad, near Quakake, early this morning. His body was badly mutilated. It is believed that Bittling was first murdered for his money by some of the many footpads who infest the lower Luzerne region, and then laid upon the railroad track to ward off suspicion. Bittling lived on a farm nearby. He was a wealthy timber dealer, and was well known in the lower Luzerne and Upper Schuylkill coal regions. He was about fifty-five years of age.
